Index

Mental Disorders – Diagnosis
Mental behavioural disorders due to substance use
Schizophrenia, Schizotypal, and delusional disorders
Mood [affective] disorders
Neurotic, stress related and somatoform disorders
Behavioural syndromes associated with physiological disturbances and physical factors
Disorders of adult personality and behaviour
Intellectual disability
Behavioural and emotional disorders with onset usually occurring in childhood and adolescence
Unspecified mental disorder

Offences
Homicide
Sex Offence
Violent Crime and Aggression
Criminal Behaviour
Juvenile Offenders

Treatment (including assessment)
Physical Health
Risk management
Self harm and suicide
Therapeutic modalities (psychodynamic, cognitive behavioural etc.)

Services
Deaf Services
Prisons
Secure Units
Women’s Services

Health Policy / Management
Clinical Guidelines
Health Economics
Mental Health Practice
Recovery – Rehabilitation
Mental Disorders – Diagnosis

**Mental behavioural disorders due to psychoactive substance use**

Elison, S., Humphreys, L., Ward, J. and Davies, G.
A pilot outcomes evaluation for computer assisted therapy for substance misuse-An evaluation of Breaking Free Online
Journal of Substance Use, 2014 19, 4, pp. 313-318
